

***An innovation in trailers
that makes car loading easy
and loading ramps obsolete.***

Kwik-Load Trailers make car loading as easy as 1 - 2 - 3

1 BACK UP

SET VEHICLE TO BEGIN LOADING ON TRAILER,
THEN SIMPLY BACK UP TO LOWER THE TRAILER
BED.....YOU'RE READY TO LOAD.

2 LOAD UP

DRIVE OR WINCH THE VEHICLE STRAIGHT
ONTO THE TRAILER AND POSITION.

3 DRIVE AWAY

RAISE TRAILER AND VEHICLE BY PULLING
FORWARD, SECURE VEHICLE AND TRAILER
AND DRIVE AWAY.

***Designed for ease of operation and
built to handle the work load***

*It's never been easier or safer to tow or load cars, trucks or heavy equipment.
DON'T CONFUSE THE KWIK-LOAD TRAILER WITH ANY OTHER TILT TRAILER.
The unique, patented design of the Kwik-Load Trailer makes loading a snap!*

Intelligent design and engineering makes it possible for one person to safely load and unload a Kwik-Load Trailer. No ramps needed, no hydraulics, no motors, no hassle. With a Kwik-Load Trailer you'll have no problems loading even the heaviest jobs. You'll get years of dependable, trouble-free service from your Kwik-Load Trailer because it is hand-crafted from the highest quality materials selected for durability and strength. It's a TRUE BREAKTHROUGH in trailer technology!
